Hi, Andy:

I called Alvina Osman at Highmark again to check on the "other physician" category, which you indicated is identified in Box 83 of the Form UB-92. She said that she could add that category to the ad hoc reports program that she will need to prepare to have the data extracted. Therefore, I added "other physician" to the draft language of the Order below. Obviously, the case caption and docket number will need to be added.
